YHA (The Youth Hostels Association) is the biggest budget accommodation network in Australia. With more than 80 hostels around the country, no two hostels are the same. From converted train cars to a heritage-listed prison, big properties in the capital cities to little ones in tiny country towns, there is a YHA ready to welcome you.

Lots of hostels are fully booked during busy periods so book your bed in advance. The easiest way to reserve your bed is through our website, where you will always find the best rates and widest choice of rooms. All YHA hostels can be booked on our website up to nine months before your arrival.

Check the hostel's opening hours to make sure there will be staff at reception to check you in, especially if you arrive early in the morning or late at night. Let us know in advance if you plan to arrive early or late so we can arrange things for your arrival. You will need to provide photo ID when you arrive.

YHA hostels are pretty easy-going places, but there is one simple rule you need to follow: be respectful. Please be considerate of other guests during your stay. Managers have the right to ask guests to leave if there are any problems. Length of stay is usually limited to 14 days but can be extended by the manager.

Every YHA provides bed linen, blankets and pillows. You will need to bring your own towel, and may bring your own sleeping sheet or linen if you prefer to use them. Sleeping bags are prohibited by Australian health regulations.

YHA hostels have fully equipped kitchens where you can cook and store food during your stay. All guests can use the kitchen as long as they clean up after cooking and consider the needs of other guests.

Please respect the non-smoking policies of hostels and only smoke in designated smoking areas.

YHA welcomes solo travelers, groups and families of all ages . . . with a few conditions:

1. If you are 16 or under you will need a parent/legal guardian aged over 21 to stay with you in a private room.
2. If you are 17 you can stay unaccompanied with a letter from your parent/legal guardian stating they are aware you are staying at the hostel and that the hostel will not supervise your activities.

3. Children under two stay for free – but please check with the hostel before you arrive or make a booking, as a few of our hostels aren't equipped or suitable for youngsters.

Sumo Museum

History:

The Sumo Museum was opened in September 1954 to coincide with the completion of professional sumo's new home, the Kuramae Kokugikan. Based on the materials gathered over the years by its first curator, Sakai Tadamasu, it was created to protect and preserve the rich historical heritage of Japan's national sport. In January 1985 the museum moved to its present location when tournament sumo returned to Ryogoku with the opening of the Ryogoku Kokugikan.

Activities:

The major function of the museum is to gather and preserve a wide range of materials related to the history of sumo, from woodblock prints and *banzuke* (official listings of rank) to the ceremonial aprons worn by the great *rikishi* of the past. These items are then displayed in themed exhibitions held six times a year. The museum also functions as a research center, continuously studying and reviewing sumo history as an integral part of Japanese culture.

Representative:

Museum Curator: Goro Ishiyama (since February 2013)

Museum Guide:

Location: First floor of The Ryogoku Kokugikan

Address: 1-3-28 Yoko-ami, Sumida-ku, Tokyo 130-0015
